PRINTING SOLUTIONS

## Business printing performance you can rely on

The B710 A4 mono printer brings fast, reliable and affordable printing to the busy medium-sized workgroup. The B710 combines advanced security, management and performance with robust and durable technology offering speeds of 40 pages per minute (ppm) for improved office efficiency.

The B710 improves medium-sized workgroup productivity through fast print speeds, effective network management and reduced user intervention. Combine this with a low total cost of ownership, simple network integration and an intuitive control panel with a 5-line LCD back-lit display, you get a printer that offers complete versatility in any working environment.

### Fast and affordable printing

The B710 prints a quick 40ppm and not only has a class-leading combination of high standard RAM memory (128MB) and fast processing power, but also offers two input trays as standard (700 sheets) for flexible media handling, which can be expanded up to 1,800 sheets. The optional Offset Catch Tray can be added to ease job separation.

The B710 is also fully compatible with PCL/PostScript and its 1,200 x 1,200dpi resolution ensures pin-sharp output every time – a must for all customer facing documents and output.

### Low total cost of ownership

Bringing affordable printing closer to the workgroup, the B710 combines low hardware costs with a 15,000 page toner cartridge to reduce both your capital and consumables costs. The single consumable is changed in seconds ensuring the printer is always 'ready' for business critical processes. With a 3-year warranty added to the list you have a printer that makes complete business sense. The B710 delivers a reduced total cost of ownership and will continue to provide value for money and reliable printing now and in the future.

### Easy management and simple security

Printing securely and protecting sensitive information has never been easier. The B710 allows you to print securely using a pin number, which can be entered through a numeric keypad to release the job. This simple to use system

ensures that only people selected by you, can access your sensitive documents for print. The PrintSuperVision network management software enables control and visibility over the network, to maintain the printers in optimal condition and ready to print always. For even faster performance a 1Gigabit network card can be added as an option. The integrated USB port allows PDF files to be printed direct from a USB stick for added flexibility.

### Built to last

The B710 is designed to perform in the most demanding environments. The robust design and innovative technology not only delivers outstanding reliability but also offers you consistently high quality print over and over again.

### Saving money and energy

Built to meet Energy Star and Blue Angel<sup>1</sup> certification, the B710 is kind to the environment, providing energy savings, reducing costs and CO<sub>2</sub> emissions. The duplex model will also reduce paper usage significantly.

**Consumables Information:** For the protection of your printer, and in order to ensure that you benefit from its full functionality, this model has been designed to operate only with genuine OKI Printing Solutions toner cartridges. These can be identified by the OKI trademark. Any other toner cartridge may not operate at all, even if it is described as "compatible", and if it does work, your printer's performance and print quality may be degraded.
