## Capture Whiteboards

### SMART kapp Capture Board – Education and Enterprise

The dry-erase board reinvented - A simple, modern replacement to dry-erase boards and flip charts, SMART kapp allows you to save and share notes as they unfold, all using a regular dry-erase marker.

- Get started right away Put it up. Plug it in. Create. Installation is that easy with no IT integration required.
- Refined inking Write and erase on the sleek, stain-free surface.
- Real-time sharing Up to 250 users can be invited to view content from any browser, in real-time, whether they're in the classroom or not.
- Easily distribute class notes Save class notes as snapshots on a mobile device and to your Evernote™, Google Drive™, Dropbox™ or other storage accounts for easy distribution.
- Full data security - Protect your session with a PIN code. Shared lessons and class notes are immediately deleted when you disconnect your device.
- Available in 42" portrait and 84" landscape orientation

## Software

### SMART Learning Suite – Notebook, AMP and Lesson Activity Builder

SMART Learning suite is an integrated educational software platform designed to enable natural and collaborative learning experiences. It offers predictable pricing, supports leading instructional strategies and fosters active learning, inside and outside the classroom.

- SMART Notebook can quickly and easily create dynamic, interactive content. Used in almost 3 million classrooms worldwide
- SMART AMP – Teachers and Students can co-create on a digital canvas to anywhere, anytime contribution and collaboration on students devices
- SMART Lesson Builder – Create fun, sophisticated and visually captivating learning activities in minutes

### SMART Meeting Room Pro – Enterprise Edition

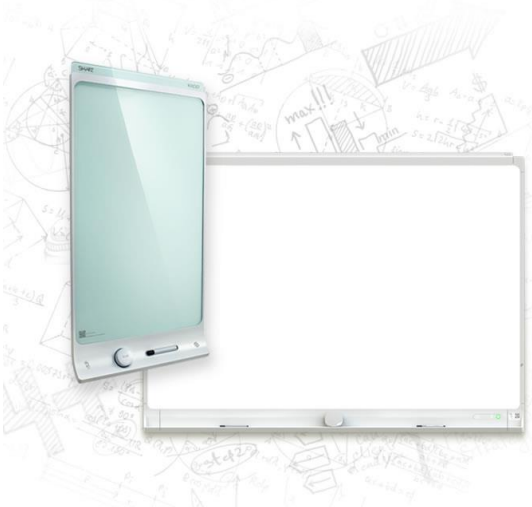

This powerful visual collaboration software allows users to create and capture ideas in the virtually unlimited interactive Unbound Workspace, as well as make notes over any available application, keep meetings organized and easily communicate outcomes.

- Unbound Workspace Don't bother erasing. Just keep working. There are no space restrictions to the workspace.
- Write in any application SMART Ink 3.1 lets you write in any application you're using, whether it be PDF, PPT or industry-specific software like AutoCAD®. Fully supported by Windows 10.
- The touch is precise, so work keeps flowing. Whatever you're doing – writing with a pen, dragging content or zooming in – the software responds accurately with no lag.
